## Vision and Philosophy

Our camps are committed to creating a community that helps campers unlock their potential and discover the world, while developing life skills and having fun!

## Mission

Girl Scouts builds girls of courage, confidence, and character, who make the world a better place.

Girl Scouts of Alaska strives to create an inclusive environment for all campers and our employees. We welcome girls of every race, ethnicity, income level, sexual orientation, and religion.

### At camp girls will...

1. Embrace challenges
2. Develop healthy relationships
3. Build self-confidence
4. Learn positive values and principles
5. Strengthen problem-solving skills and resilience

## American Camp Association (ACA)

Camp Togowoods and Camp Singing Hills are accredited by the American Camp Association (ACA).

We are proud to be Alaska's only accredited camps for girls, meeting standards for health and safety, staffing, and program quality. Our directors are ACA trained and oversee all camp programs operated by Girl Scouts of Alaska.

For more information, visit the ACA website at [www.acacamps.org](http://www.acacamps.org).

Camper and staff safety are our top priorities. Safety is at the forefront of every decision we make. Summer camp health and safety protocols are based on current guidance from the State of Alaska, Centers for Disease Control and Prevention (CDC), Girl Scouts USA (GSUSA), and the American Camp Association (ACA).

Nothing is more important than the emotional and physical safety of our campers. Our programs allow campers to take healthy risks in a safe, nurturing environment. Our professional staff receive extensive training and are chosen for their maturity and ability to be a positive role model for girls.

## **Water Safety**

At some of our camps, girls participate in canoeing, kayaking, recreational row boating, and/or swimming. When participating in these activities, we follow all GSAK and ACA guidelines. At any point when campers are in or on the water, they will be wearing a lifejacket. They will explore our lakes and practice their paddling with our small craft safety-trained staff. When they are swimming they will be supervised by staff including the Waterfront Specialist who is a trained lifeguard.

## **Wilderness Trips**

When groups are traveling off-site to an area that is more than two hours from any professional medical care, we take extra precautions following GSAK and ACA guidelines. The staff leading these groups are trained in emergency backcountry procedures, carry satellite phones, and at least one staff member is certified in Wilderness First Aid.

## **Accommodations**

If your girl requires additional assistance or supervision to participate fully or safely in camp, contact us at [camp@girlscoutsalaska.org](mailto:camp@girlscoutsalaska.org) or 907-248-2250 before registering to ensure we can accommodate her needs.

\*Campers must attend Learn to Lead July 6-11 to be eligible to take Learn to Lead: Take Action

The Learn to Lead program develops courageous and confident leaders. While at camp, girls of all ages practice decision-making, communicating with others, and working on conflict-resolution skills. Our Learn to Lead campers will put these skills to work, working with the other campers at times during camp. Learn to Lead campers will still experience everything at camp, from hiking to art to water activities and more, while learning leadership skills along the way. Learn to Lead campers will camp together.

Campers who complete the Learn to Lead session can attend a second Learn to Lead: Take Action session for free. During this session, campers will further develop their leadership skills with daily hands-on experience as leaders for younger campers and planning and reflection time.

During these camp sessions, campers will learn some of the things to earn their Counselor in Training (CIT) I and Counselor in Training (CIT) II pins.
